SUPER HD PERFORMANCE IN A PORTABLE PROJECTOR

The Super HD Projector gives the home theater enthusiast HD output at a low price. It has a compact design
and is both easy to install and setup. The combination of its size and power means that this widescreen Super HD Projector will
give you hours of enjoyment without a big blow to your wallet. New for this year's model is super-focus technology - with the
push of a single button, the Super HD Projector automatically focuses and adjusts colors so you do not have to manually fine-
tune picture quality. Once you press the button, the Super HD Projector begins a series of internal tests to determine the best
possible picture based on ambient light within your home theater.

Precision HD Video Player with Networking

Get ready to be blown away by the world's best HD Video Player. Powered by our newest chipset, the DevAV Video Player upscales and upconverts like never before. Clarity and brilliance is the foundation of this video player. It's beautiful chassis and incredible build quality means you'll be proud to show it off to friends and family. DevAV's HD Video Player can play CDs, DVDs, standard BluRay Discs and 3D-encoded BDs. It handles videos, music, and photos sent from any DLNA 1.5-certified media server. Image quality is superb, whatever the source. And whether you're playing high-def DTS and Dolby formats or compressed MP3s, your audio benefits from its high performance DAC.
